

Thuraya XT

Thuraya XT - World's toughest satellite phone

Thuraya XT is the only satellite phone in the world to meet the industry's highest criteria for splash resistance, dust resistance and shock proofing. Combining the reliability of its unparalleled phone functionality, with the dependability of Thuraya's superior network, Thuraya XT ensures you stay close.

Wherever you are within Thuraya's extensive coverage area, however remote the location, Thuraya brings you close to where you need to be.

Thuraya XT is ideal for anybody who moves around in areas where local networks are unreliable or non-existent. Its extremely durable design makes Thuraya XT ideally suited for use in tough environments, where other satellite phones cannot operate.

Thuraya XT keeps you closer

Thuraya XT Key Features

Rugged design Built to exacting standards and using the latest durable polycarbonates for the outside case, it is, quite simply, the most durable satellite phone in the market. Thuraya XT's IP54/IK03 rating is a globally recognised standard from the International Electrotechnical Commission, meaning it is splash resistant, dust resistant and shock-proofed.

Dependable battery life Thuraya XT's durable battery provides up to 6 hours talk-time and up to 80 hours standby time.

Glare resistant display For easy readability in direct sunlight, no matter how bright the conditions are.

Internet-on-the-go The handset's GmPRS capability means you can easily send/receive emails and browse the web with your laptop or PC from anywhere.

Thuraya XT, the world's toughest satellite handset – [stay close](#).

- Satellite telephony
- IP54/IK03 standard
